

January 6. 2021

For immediate release:

**Important Announcement Regarding 2020/2021 LA Leather Pride
DARK ANGELS**

As the Los Angeles Leather Coalition (LALC), producer of Los Angeles Leather Pride, we value our community's safety above all. While we have been in the middle of COVID-19, with countless lives lost, we want to put the safety of everyone in our community first.

The Board of The Los Angeles Leather Coalition has made the decision to postpone LA Leather Pride, originally rescheduled for March 2021, until March 2022.

Exact dates will be published as the time becomes closer (assuming resumption of events will be possible under local, state and federal public health guidelines).

The unanimous decision was made by the Board of The Los Angeles Leather Coalition, at its regular January Meeting, with support from our Community Partners, Title Producers, and Contestants.

We are already hard at work planning the full slate of events, which will allow everyone celebrate the reemergence of the LA and Southern California leather scene.

We eagerly await the time when we can gather again, with our global leather family, in a safe, fun-filled environment.

For future updates, please go to our website <https://LALC.Info/>

In the meantime, please stay safe, wear a mask and social distance.

With Respect In Leather,

Los Angeles Leather Coalition Board
